ABOUT THE STATE.

Items of Interest Gleaned From Our
Exchanges.

The new Hardwick water system has
been completed and the water is now
running into the reservoir. It is expected
that this supply will furnish all that is
needed.

It is reported that the committee who
is to say where the monument the Hazen
Road Pomona Grange is planning to
erect some where on the old Hazen Mill-
lary road, constructed during the Revolu-
tionary War period, has decided to
have it placed on Hartwick street a very
wide and a much travelled thorough-
fare.

A man has appeared in Burlington
with a new "con" game. He went about
among the stores giving out that he re-
presented the Primrose minstrels, an-
nounced that the engagement of the
company in Burlington had been can-
celled, took down the lithographs from
the windows, and collected the passes that
had been given for the advertising
privilege. He then sold the passes and
skipped. It is said that he took up as
much as \$60 worth of passes in this
way.

Mrs. Abigail H. Warner.
Mrs. Abigail H. Warner died at an
early hour Thursday morning at the
home of her daughter, Mrs. Ann Cole-
man, in Essex Junction. Mrs. Warner
was born in Danville 89 years ago,
was the daughter of Mr. and Mrs. John
Hill and was married to Mr. Abigail H.
Warner in 1864. She lived with her
husband in Paw Paw, Mich., making the
entire journey by stage coach. After
a few years she was joined by Ethan
Warner of Essex who won her as his
bride. They went to that town soon af-
ter their marriage. Afterward she went
to Jericho, where she spent the greater
part of her life. About four years ago
she came to Essex Junction with her
daughter, Mrs. Coleman. She is survived
by two daughters, Mrs. Coleman and
Mrs. A. K. Morse of Jericho, and two
sons, Frank R. Warner of Bellevue Falls
and Amos N. Warner of Essex Junction.
The funeral will be held at the home
of Mrs. Morse in Jericho Saturday
afternoon at two o'clock.

Verger's Man Bounced.

Principal B. C. Rodgers made a flying
trip to New York City last week, leav-
ing Verger's Friday evening and re-
turning Saturday afternoon. Rodgers
was in New York City to see the
Verger's, when he left Verger's, intended
to board a steamer at the above men-
tioned city for St. John's-Newfound-
land, but suddenly changed his mind
when he discovered the loss of his pas-
sage ticket, containing nearly \$100, which
was taken from his pocket. Rodgers
was in the subway between 42d street
and Brooklyn bridge. An expert pick-
pocket was no doubt the thief, as only
an adept in the art could have unbur-
dened the pocket and removed the ticket
without being discovered. Mr. Rod-
gers immediately returned on his mis-
sion with a financial standing of \$1,
which he had in change in another pocket.

Freak of Lightning.

About eight o'clock Sunday evening
a heavy bolt of lightning entered the
house of C. J. Mooney in St. John's-
bury. The bolt entered a clothes closet
and tore the iron hooks and threw the
clothing to the floor, then went through
the partition into the bath room, going
through the wall just above the bath-
tub. It is supposed that the bolt must
have entered the bedroom window,
which was open, going from there into
the clothes closet, following along the
line of iron hooks and going from there
through the partition into the bath room.
No sign was left, however, of where the
bolt entered the house or directly dis-
appeared. It filled the room with an
odor similar to that of gun powder.

A Forest of Giants.

It is almost impossible for one who
has seen only the eastern or Rocky
mountain forests to imagine the woods
of the Pacific coast. Pictures of the
big trees are as common as postage
stamps, but the most wonderful thing
about the big trees is that they are
scarcely bigger than the rest of the forest.
The Pacific coast bears only a
tenth of our woodland, but nearly half
of our timber. An average acre in the
Rocky mountain forest yields one to
two thousand board feet of lumber; in
the southern forest, three to four thou-
sand; in the northern forest, four to
six thousand. An average acre on the
Pacific coast yields fifty to twenty
thousand. The southern and Rocky
mountain forests lose the north-
ern on top of them and stuff the cen-
tral into the chinks and, acre for acre,
the Pacific forest will outweigh them
all.—American Magazine.

Stains on Books.

Ink stains may be removed from a
book by applying with a camel's-hair
pencil a small quantity of oxalic acid
diluted with water and then using blot-
ting paper. Two applications will re-
move all traces of the ink. To remove
grease spots lay powdered pipeclay
each side of the spot and press with
an iron as hot as the paper will bear
without scorching. Sometimes grease
spots may be removed from paper or
cloth by laying a piece of blotting pa-
per on them and then pressing the blot-
ting paper with a hot iron. The heat
melts the grease, and the blotting pa-
per absorbs it.

The Little Toe to Go.

A comparative anatomist says that
the little toe has got to go that it is a
useless appendage, already showing
signs of degeneration or withering
away. It is proved that the horse, in
the course of several centuries, has
dropped four toes and now travels on
one, and some think that man's pedal
extremities are bound to follow a sim-
ilar line of evolution. In the horse it
is the middle digit which has survived
as the fittest. In man it will be the
first or great toe.

The Age of Fishes.

The age of fishes is seldom measured
by a definite period of years. Most of
them grow as long as they live, and
apparently live until they fall victims
to some stronger species. It is re-
ported that carp and pike have lived for
a century, but the evidence needs ver-
ification.

THREE HEAVY CHILDREN.

Combined Weight of Simonsville Young-
sters 497 Pounds.

Three children of Mr. and Mrs. C.
S. Leonard of Simonsville have a com-
bined weight of 497 pounds. Annie Le-
onard, 12 years old, tips the scales at 203;
Laura C., 13 years of age, has a 198-
pound weight, and Ralph E., 6½ years
old, weighs 96 pounds. Miss Laura is
an excellent scholar and is nearly ready
to enter the high school. She is also
a remarkably good cook and very cap-
able in all the duties of the house. Miss
Annie takes more to farming. There is
a pair of last spring calves on the
place which she has trained to the yoke,
and she can show them, at the least,
various tricks. Master Ralph takes to
school life and country sports and is
very much interested in nature. He is
also a good worker on the farm for his
years.

Mr. Leonard, the father, is 49 years
old and weighs about 140, while the
mother, aged 39, is of 120 pounds
weight. The parents were born in An-
dover and have always lived on a
farm.

MURDERER HANGED.

For Murder of His Bigamous Wife at
Charleston, S. C.
Charleston, S. C., Aug. 4.—Wm. A.
Marcus was hanged today for the mur-
der of his bigamous wife.

The End of the World.

Of troubles that robbed E. H. Wolfe of
Bear Grove, la., of all usefulness, came
when he began taking Electric Bitters.
The trouble was a severe case of kidney
trouble caused me great suffering, which
I would never have survived had I not
taken Electric Bitters. They also cured
me of general debility. Sure cure for
all stomach, liver and kidney complaints,
blood diseases, headache, dizziness and
weakness or bodily decline. Price 50c.
Guaranteed by Red-Cross Pharmacy.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair,
No Matter What Color.

The finest contour of a female face, the
sweetest smile of a female mouth, loses
something if the hair is crowned with
scant hair. Scant and falling hair, it is
now known, is caused by a parasite that
burrows into the scalp to the root of the
hair, where it saps the vitality. The lit-
tle white scales the germ throws up in
burrowing are called dandruff. To cure
dandruff permanently, then, and to stop
falling hair, that germ must be killed.
Newbro's Herpicide, an entirely new re-
sult of the chemical laboratory, destroys
the dandruff germ, and, of course, stops
the falling hair, and prevents baldness.
Sold by leading druggists. Send 1c in
stamps for sample to The Herpicide Co.,
Deer Tron or H. A. Phelps.

Rickett & Wells, Special Agents.

JULY WAS COOL AND DRY.

Meteorological Features of the Month
Just Passed.

Burlington, Aug. 4.—Observer W. H.
Alexander of the Burlington station of
the United States weather bureau re-
ports a mean temperature for the month
of July of 68 degrees with a maximum
of 80 on the 14th and a minimum of
45 on the 6th. The mean July tempera-
ture for the past 22 years in Burlington
is 71.3 degrees, the absolute maximum
for that period being 86 in 1897 and the
absolute minimum 45 in 1906. It was
also the coolest July in that period. The
precipitation amounted to 2.33 inches,
the average July precipitation for 22
years being 4.00 inches. The amount
was by far the least for any July since
1901 and was in marked contrast to the
7.67 inches that fell during July last
year. The most rain was on the 29th,
when 1.46 inches fell. The next highest
was on the 15th, when .80 inches fell.
The lowest was on the 20th, when .01
inches fell. The prevailing wind was from the south,
the maximum velocity being 29 miles per
hour. Rain fell on 13 days, five
of which were made up of 12 clear, five
partly cloudy, and eleven cloudy days.
Fog was noted on the 11th and thunder-
storms occurred on the 9th, 10th, 10th,
20th, 21st, 23d, 25th, 26th, 29th, and
30th.

BIG FLOUR HOUSE DESTROYED.

Eight Thousand Barrels of Flour Burned
at Albany.

Albany, N. Y., Aug. 4.—The fire which
started yesterday in the Mammoth flour
house, owned by Henry Russell, eastern
distributing agent, burned until 5 in the
morning and practically destroyed the
building. About eight thousand barrels
of flour were destroyed.

ESTATE OF ALEXANDER ANDERSON.

STATE OF VERMONT. In Probate Court,
District of Burlington, ss. I held in Montpelier,
Vt., on the 28th day of July, 1906, the
last Will and Testament of Alexander Ander-
son, late of the City of Barre, in said District,
deceased, makes application to said Court,
with the consent and approval in writing of the
legitimate devisees of said deceased, residing
in the city of Barre, to have a photograph of
the real estate of said deceased, to wit: The
interest of said deceased in the stone shed and
which circulates in the neighborhood of those
interested, before said time of hearing, that
they may appear and take place, and if
they see cause, object thereto.
By the Court. Attest.

HERBERT CARLETON, Judge.

Sat. July 28, Aug. 4.
